Career Objective

Dedicated and enthusiastic first-year Computer Science Engineering student with a strong interest in Artificial Intelligence and Machine Learning. Passionate about learning modern technologies, improving problem-solving skills, and developing innovative software solutions. Seeking opportunities to gain practical experience, enhance technical expertise, and contribute effectively to academic and professional projects.

Education

Tontadarya College of Engineering, Gadag

Bachelor of Technology in Computer Science Engineering

1st Semester

CGPA: 7.0

Shree S R Shetter Independence College, Guledgudda

Pre-University Education

Percentage: 66.5%

Shree Shakambari High School, Vandal

SSLC

Percentage: 73.12%

Technical Skills

Python Programming | C Programming | SQLite | Git | GitHub | Problem Solving | Basic AI/ML | Computer Fundamentals

Project

CLI Hotel Room Scheduler

Developed a terminal-based hotel room scheduling system using Python, SQLite, and Git for managing room availability and guest check-ins efficiently. Implemented database schema design, SQL queries for room filtering, and command-line menu operations for smooth backend functionality.

Achievements

Completed programming practice tasks and continuously improving knowledge in Artificial Intelligence, Machine Learning, and software development concepts.
